## Special Achievement Services (SAS)

### Background

At SAS, we believe that innovative approaches to participation can unlock new opportunities for young people to transform their lives and communities. We are dedicated to supporting those who lack access to academic and professional development resources, helping them build the skills and networks necessary for sustained growth and success.

*SAS was founded in 2023 and until today is the largest group in the Western Balkans and in Europe, young people with their problems from the academic side and from the employment side with over 800+ announcements with different opportunities under the name of SAS (Special Achievement Services) :*

*It is the main community for announcements of events, opportunities for employment and, more recently, opportunities for scholarships abroad and within the country.*

**SAS groups are divided into three categories:** SAS Events, SAS Opportunity and SAS Scholarships for which are in this way to make easy access to the user of each member of the group.

*With 20 new collaborations with partners that offer employment opportunities outside and inside the Balkans we grow stronger every day.*

**Mission** Our mission is to empower and develop young individuals by enhancing their skills, rights, and capacities, enabling them to actively participate in the workforce, policy-making, and decision-making processes.

Services

## Special Achievement Services (SAS)

### SAS Services:

- 1.SAS Events: SAS Events is dedicated to creating a vibrant platform where young professionals can engage in networking, learning, and growth opportunities. Through a series of carefully curated events, including conferences, workshops, and seminars, we bring together experts, industry leaders, and aspiring young professionals to exchange ideas and foster collaboration.
- 1.SAS Opportunities: SAS Opportunities connects young professionals with a wide range of career and development prospects. We offer access to internships, job placements, training programs, and mentoring opportunities, ensuring that our members are well-equipped to navigate their professional journeys and achieve their goals.
- 1.SAS Scholarships: SAS Scholarships provide information to young professionals pursuing further education or skill development. By offering scholarships for academic programs, vocational training, and specialized courses, we help individuals overcome financial barriers and invest in their future success.

Services

## Special Achievement Services (SAS)

### Our main Objectives:

- **Enhancing Youth Opportunities:** Expand access to career-building opportunities for young individuals through targeted programs like SAS Events, SAS Opportunities, and SAS Scholarships, empowering them to pursue personal and professional growth.
- **Facilitating Youth Participation:** Increase youth involvement in decision-making and leadership roles by organizing events and workshops that encourage active participation in both local and international platforms.
- **Promoting Career Development:** Provide young professionals with resources, mentorship, and networking opportunities to enhance their skills, improve employability, and support their transition into the labor market.
